LCD Display + USB Port

48 V Lithium-ion battery single or double

Battery switch (1-2)

Powerful disc brake

City Tyre

Stainless steel frame

Carbon fender

5 Speed levels

Customized frame color

¹ Weight refers to device excluding battery and arms for wheelchair connection.

² Autonomy refers to double 48 V battery on a flat route at medium speed of 6 km/h (level 2) with user weight 70 kg. The autonomy depends on user weight, road conditions, battery model, speed/driving mode and on the general state of the wheelchair and tires.

Triride srl reserves the right to modify the models with updates and innovations and therefore the images may differ from the final product sold.
